ROBOTIC AND CHARGED POOL CLEANERS

POWERED BY  **BWT**

0 TELSA® 50 Charged Pool Cleaners

40Min.
Operating Time

Lithium-Ion Battery

Powerful Motor

0.65L
Chamber Capacity

300
Power degree

3 meter
Maximum Depth

5 - 6
Hours
Charging Time

2000
mAh
Battery

11.1
V
Voltage

- Chargeable battery set
- Lithium ion battery: long life, no memory effect and fixed performance
- You can easily open/close by pushing soft touch button
- Fast water discharge valve drains filtered water for easy removal of cleaner from pool
- Residues are collected in a rigid filter which is easily reached and emptied.
- Transparent clip lock cover ensures visibility of wastes.
- Grip from its ergonomic handle or tie to a standard telescopic post(handle not included)
- You can submerge it completely.
- Replaceable lower brushes for efficient cleaning of the wastes on the surface of ground
- Side brushes for cleaning the wastes on the corners
- Sweeps the wastes underwater.

3 meter
Maximum Depth

5 - 6
Hours
Charging Time

2000
mAh
Battery

11.1
V
Voltage

- All-purpose vacuum for all pool cleaning needs from big leaves to fine residues
- Operating time: 75 min.
- Charging time: 5-6 hours
- Large Rubbish capacity: 25 x 40cm standard and thin filter bag
- Battery type: Li-ion2000mAh, 11.1V
- Telsa 90 TM vacuum cleaner operates underwater with a powerful suction removing sands, gravels and other residues at the bottom of pool fast and efficiently.
- Chargeable battery set provides power with vacuum pump for suction without hose or electric cable. It both operates as a manual device and is connected to a standard telescopic pole(not included).

Guarantee	2 Years

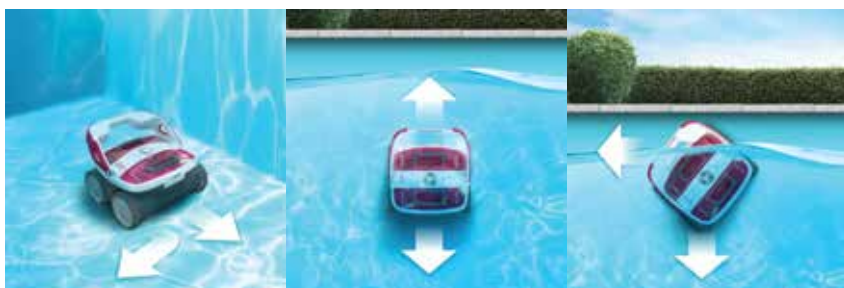

Fast Cleaning

Cleaning cycle time: 1,5 or 2 hours depending on the condition of the surface

Smart navigation

BWT robots moves fast and cleans fast. They have smart and special **Smart Navigation** system. Navigation system consisting of one gyroscope and one algorithm scans and detects the obstacles and then, calculates cleaning path. Cleaning cycles are shorter and covers the whole area to be cleaned. Pool ground is cleaned perfectly with minimum pass and in a record time "BWT speed!"

BWT P500

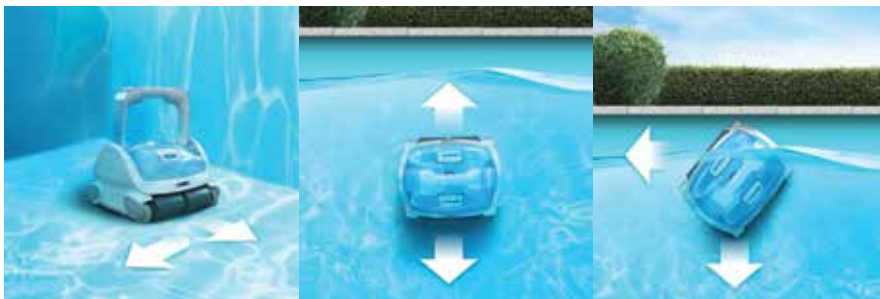

Robotic Pool Cleaners

P LINE 500

Pool Size	For the pools up to 12 m (any shape or surface)
Cleaning Type	Ground, walls and water surface
Cleaning Cycle Time	2 hours
Filter type	4D, excessively thin microfiber, transparent filter cap
Filter access	Easy Top Access
Full filter gauge	Yes
Brush type	4 pcs PVA brushes
Extra brush	Vibrating PVC brush
Navigation system	Smart Navigation
Gyroscope	Yes
Power supply	<29 Volt, SPS APP
Power consumption	< 150 Watt
Suction power	19 m3/hour
Cable length	18 m, first class, gray
Winding preventer	Yes
Adjustable inlet	Yes, higher suction power
Dimensions (WxLxH)	39,1 x 43 x 23,4 cm
Weight	11 Kg
Storage accessory	Premium carriage trolley
Guaranty	3 years
